Half of ____ is ____

How many different ways can you shade one half of the shapes?

Challenge:

Mo is finding halves.

It is hard to find half
of an odd number.

Do you agree with Mo?
Explain your answer.

Wednesday 08.07.20

 Colour a quarter of each shape. Can you colour it in different ways?

 Tick the shapes that show quarters.

Challenge:

Alex and Jack are talking about quarters.

Alex

My shape shows quarters because it has four equal parts.

My shape shows quarters because it has four parts.

Jack

Are they correct?
Explain your answer.

Thursday 09.07.20

 Share each quantity into four equal groups.

There are ____ cakes.

There is ____ cake in each quarter.

A quarter of ____ is ____

There are ____ sweets.

There are ____ sweets in each quarter.

A quarter of ____ is ____

There are ____ peaches.

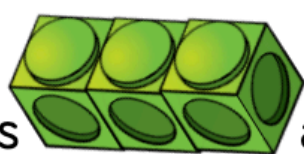

There are ____ peaches in each quarter.

A quarter of ____ is ____

Challenge:

One cube  is a quarter, what could the whole look like?

Two cubes  are a quarter, what could the whole look like?

Three cubes  are a quarter, what could the whole look like?

To complete the challenge, you may wish to use this grid:

Place the amount for one quarter in one square and repeat until all the quarters are full.

Remember they all need to have the SAME amount to be equal parts.
