

Dear Parents / Carers,

For homework this week, your child has:

- Maths sheets relating to our current class topic,
- A reading comprehension
- Continue research for our **Geography** topic; Antarctica, this time focussing on flora and fauna and adaptation (you can present your work however you choose but it will be photocopied and added to your geography book) and
- Spellings, which are part of the year 5 & 6 statutory spelling list and linked to our current class work. They need to learn the spellings for testing next week and put them into individual sentences.

forty

twelfth

vehicle

average

flamboyant – our word of the week

Homework needs to be returned on **Wednesday 1st December**.

If you have any questions regarding the homework, please let me know.

Thank you for your continued support.

Miss McDaid

Autumn – week 4
