Summer of Hope

Week beginning 29th June

As part of the response to coronavirus around the world, CAFOD partners are speaking up and speaking out about how to keep clean and safe. This week, think about how you can speak up and speak out for others, and for the Summer of Hope.

Research project:

What can you find out about how people speak to each other, and tell each other important information around the world? Has this changed during the past few months?

You could use the internet to research or any books you have available.

Creative writing:

If you are a keen writer, why not write a script to report on what you have been doing and what you have learned during lockdown.

You could be a TV presenter and a news reporter, or someone on the radio. You could share tips from the kitchen or the garden, or how you have stayed clean, healthy and safe.

Celebrating Hope:

Time to get thinking – starting next week, we want to hear from you about what has given you hope over the last few months.
