Hello Reception,

These homework activities are things you can do at home to support your learning. They are quick activities, which should only take between 10 and 15 minutes each. Have fun with them.

Homework week beginning 28th February 2022	
Listen to a bedtime story every night. Remember to look at the pictures and talk about them. We are going to plant a new vegetable and plant garden at school soon. Can you draw a picture of what you would like there to be in our garden, and label it using the sounds you know?	We are learning to keep score when we play a game. Can you throw a beanbag or soft toy at a target, or into a bucket? Every time you get one in, make a mark or a tick on a piece of paper. How many did you score?
We are finding out about our family. Make sure you know your surname, so that you can tell your friends. Find out where your mummy and daddy come from. Are they from London, or have they come from a different city? Maybe they have come from a different country. What jobs do your mum and dad do? If they are not working at the moment, what important jobs do they do at home? Can you find out about your grandparents too?
